

Post-clearance entry, reimbursement, remission (NEE, NacherhebungErstattungErlass)

This message is used to transmit import duty notices from the procedure Post-clearance entry, reimbursement, remission (NEE). In this message, different variants of an import duty notice are distinguished:

- Post-Clearance Recovery
- Refund
- Remission
- Rejection
- Waiver
- Alteration without legal tax effect

To differentiate, a corresponding code for the variant is transmitted in BOX attribute NX1010.

Please note that at item level for postal customs declaration (IMPOST) no information is reported in the elements and sequences CommodityCode, SupplementaryCodes, TobaccoRevenueStampNumber, Assessment, ExciseDuty, OutwardProcessingReduction and CustomsValue (FlatFile Attributes NX6130 - NX6970). For postal customs declarations values are reported in the group “Assessment Information for low Value Postal Customs Declarations (NX9000 – NX9130, sequence AssessmentDataLowValue)”.

All information in this document is purely informative and does not constitute instructions or templates for submitting customs declarations.
The declarant is solely responsible for the content of a customs declaration. All information is provided without warranty.
