

Rejection at the customs office of destination (NR, RueckweisungBestimmungszollstelleNCTSDE)

The E_DES_REJ is a negative status message and is used to transmit rejection information about a transit process. It is sent if technical errors lead to a negative result in the plausibility check and thus prevent the further flow of the business process of termination.

The data of the DES_REJ can be forwarded to your system from the BOX interface via this BOX object.
