

WKS Control Decision Notification Re-Export Notification (REECTL, ControlReExportWKSDE)

ATLAS communicates control decision notifications about an Re-Export Notification with the message E_REE_CTL. The BOX passes this control decision notifications on to you with this BOX respond.

One or more control measures that were ordered for an Re-Export Notification position are communicated. The message can be transmitted several times for an Re-Export Notification until a StatusReExportWKSDE message is sent. This is the case if control measures have been ordered for an additional item or control measures that have already been ordered and communicated have been changed by the customs officer.
